SHORT INTRODUCTION

Board Leadership Program

Developed by **BBS** and **AAI**, the program follows international governance standards. Board Leadership Program is endorsed by **ecoDa** and supported by the school's **AMBA accreditation**. It delivers globally recognized **executive education**.

Board Leadership Program

The Board Leadership Program is an exclusive **executive education program** for senior leaders. Combining **expert-led sessions, real-world case studies**, and a high-impact **board simulation**, it equips participants with **essential governance skills for board success**.

About the Program

OBJECTIVES:

- Strengthen corporate governance expertise.
- Enhance strategic decision-making for long-term success.
- Improve financial oversight and risk governance skills.
- Integrate sustainability and ESG principles into governance.
- Develop boardroom leadership and effectiveness.

DESIGNED FOR:

- **Current board members** seeking to enhance their governance expertise.
- **Business owners** or **investors** who serve on their company's board and want to elevate their skills in setting effective boards.
- **Senior professionals** with **at least five years experience** in leadership roles (e.g. CEO, CFO, COO, General Manager, Director etc.).

BENEFITS:

- Strengthen corporate governance expertise to navigate complex regulatory environments.
- Enhance strategic decision-making to drive long-term business success.
- Gain financial oversight skills to better understand corporate finance and risk governance.
- Stay ahead of governance trends by integrating sustainability and ESG principles into leadership.
- Master board dynamics and effectiveness through real-world case studies and simulations.
- Develop leadership capabilities for high-impact boardroom presence.
- Expand professional networks with top executives and board members.
